

SENATOR FISHER: Madam President and members, on page 1099 of the Journal, this was brought to me by E & R and they found that the change was a little bit more than technical. And if you will look on that page and read it, in essence, what it says that instead of acknowledged before a notary, it strikes the word "notarize" and makes it clear that these things are acknowledged before a notary public. It's strictly a housekeeping change. It's in two places in the law, page 7 and page 5. If there is any questions, I will be glad to answer. If not, I would ask for the advancement of this amendment.

PRESIDENT ROBAK: Is there any discussion on the Fisher amendment? Seeing none, Senator Fisher, do you wish to close? Closing is waived. The question before the body is the adoption of the Fisher amendment to LB 494. All those in favor say aye. Excuse me, all those in favor vote aye. All those opposed vote nay. Please record.
